Sub: Advisory regarding Ministry of Home Affairs' Web Portal of Anti Human Trafficking titled www.stophumantrafficking-mha.nic.in launched on 20th February, 2014

Sir/Madam,

'Police' and Public Order' being State subjects, the primary responsibility for preventing and combating the crime of human trafficking lies with the State Governments. However, Government of India attaches highest importance to the matter of prevention and combating of Human Trafficking and has taken a number of legislative and administrative measures. Besides, Government of India has adopted a multi-pronged approach by building strong linkages and partnerships with various stakeholders especially the States and UT Administrations including civil society, NGOs, corporate sector, international organizations like UNODC, UNCTOC etc to build an integrated response in combating human trafficking and related transnational crimes.

2. In furtherance of continuing efforts, Ministry of Home Affairs has developed a Web Portal on Anti Human Trafficking titled www.stophumantrafficking-mha.nic.in. The web portal was launched by MOS(S) on 20th February, 2014. This Web Portal is one stop information repository on issues relating to human trafficking and a vital IT tool for sharing of information across Ministries, States/UTs, Civil Society Organizations and other stakeholders for effective implementation of Anti-Human trafficking measures more so relating to its criminal aspect and promoting best practice in this area.
3. On the launch of this Web Portal, all State Governments/UTs were provided log in ID and passwords to upload real time statistics and success stories and other case studies through their Nodal Officers of Anti Human Trafficking. One of the major advantages of this web portal is that Nodal Officers of Anti-Human Trafficking of all States and UTs are interconnected with each other. This will help in tracking large number of cases having inter-state ramifications. Details of trafficked persons and other relevant contents can be uploaded on the web portal for the convenience of the user. It also provides an important link to National Portal on Missing Children, ‘TrackChild’ which is operational in many States.

4. The State Governments/UTs are advised to widely disseminate information about the Web Portal to all Government Departments and Officials, Police functionaries, NGOs and other stakeholders to increase viewership of the site.

5. It is requested to issue suitable directions to all concerned to use this Web Portal to upload data in the formats devised by the ministry of Home Affairs and NCRB on Human Trafficking, case studies, rescue operations conducted, profile of the traffickers etc. on regular basis so that it can be used as a platform to share information with all stakeholder.
